Nine philosopher-kings were commissioned to undergird the articles of Marxist faith while expunging dogma and religious doctrine. Their seeds of a pre-ordained organic philosophy were planted to upbring young sprouts to destroy the American Republic and rebuild from that rubble the next Marxist country. The unrelenting pressures to indoctrinate children with the Marxist family of totalitarian ideologies that promises to free the child comes to communities under various guises: the allure of promises made in the name of fairness, equity, tolerance, and more recent of social justice has drawn a large percentage of millennials to socialism. Behind the race-baited mantras, Metro Regional Government is working for the eventual transformation of schools as learning centers staffed with Soviet councils to transform neighborhoods into self-sustaining eco-villages. Children will be socialized as activists for their community to install fascist green agendas paired with Marxist social justice.
